

# Public Water System Monitoring Schedule and Compliance Report

0400106 Polacca

As of 04/14/08

PWS Type: Community serving 2604 people.

| Total Coliform Monitoring Requirements<br>3 bacteriological sample(s) due each month | Last Result Received  | Next Sampling Due Date | Following Sampling Due Date | Current Status    | Comments |
|--|-----------------------|------------------------|-----------------------------|-------------------|----------|
|  |                       |                        |                             | Frequency (yrs)   |          |
| Consumer Confidence Report   | 2003 CCR on 6/29/2004 | July 1, 2008           | July 1, 2009                | Required Annually |          |

## DS001 PWS# 0400106 Distribution System from tap served b

### Asbestos

|          |           |            |            |                    |  |
|----------|-----------|------------|------------|--------------------|--|
| Asbestos | 9/20/2005 | 12/31/2014 | 12/31/2023 | Initial Monitoring | Automatic source water waiver since system in Arizona; |
|          |           |            |            | 9                  |  |

### Lead & Copper 10 Samples Required

|              |           |            |            |                   |  |
|--------------|-----------|------------|------------|-------------------|--|
| Lead, Copper | 3/29/2006 | 12/31/2009 | 12/31/2012 | Maximum Reduction |  |
|              |           |            |            | 3                 |  |

### Stage 1 Disinfection By-Products Rule

|   |           |                       |            |                   |   |
|---|-----------|-----------------------|------------|-------------------|---|
| Five Haloacetic Acids (HAA5), Total Trihalomethanes (TTHMs) | 9/27/2006 | 12/31/2008            | 12/31/2009 | Annual Monitoring | Report total Chlorine with required TCR monitoring; |
|   | OVERDUE   | Was Due On 12/31/2007 |            | 1                 |   |

## EP001 Entry Point to PWS# 0400106 distribution system

### Nitrate

|                                |          |            |            |                    |  |
|--------------------------------|----------|------------|------------|--------------------|--|
| Nitrate [reported as Nitrogen] | 8/7/2007 | 12/31/2008 | 12/31/2009 | Reduced Monitoring |  |
|                                |          |            |            | 1                  |  |

### Radionuclides

|                                       |            |            |            |                           |  |
|---------------------------------------|------------|------------|------------|---------------------------|--|
| Gross Alpha, Excl. Radon & U, Uranium | 10/24/2006 | 12/31/2012 | 12/31/2018 | results < 1/2MCL          |  |
|                                       |            |            |            | 6                         |  |
| Combined Radium 226/228               | 10/24/2006 | 12/31/2015 | 12/31/2024 | results < Detection Limit |  |
|                                       |            |            |            | 9                         |  |

### Inorganics

|  |           |            |            |                                |  |
|--|-----------|------------|------------|--------------------------------|--|
| Fluoride   | 8/7/2007  | 12/31/2010 | 12/31/2013 | Reduced Monitoring Groundwater |  |
|  |           |            |            | 3                              |  |
| Beryllium, Antimony, Mercury, Selenium, Cadmium, Barium, Chromium, Cyanide, Thallium | 9/20/2005 | 12/31/2008 | 12/31/2011 | Reduced Monitoring Groundwater |  |
|  |           |            |            | 3                              |  |
| Arsenic  | 8/7/2007  | 06/30/2008 | 09/30/2008 | Increased Monitoring           |  |
|  |           |            |            | 0.25                           |  |

All laboratory results are due by the 10th day of the month following the month in which you receive results  
Please contact Bessie Lee at (415) 972-3776 if you have any questions regarding monitoring requirements.
